

WHAT ABOUT CLOTHING SALES?

Rather than do business on the basis of making a long profit at the start of the season and then hold a "sale" at which prices are cut 1/4 or 1/2 some merchants do, it is our policy to make a smaller margin of profit, build up a volume of business and sell clothing for the same price the year around.

\$15.00 Suits That Others Sell For More

We know that our success depends upon the values we give and therefore handle only the highest grade merchandise, giving you the best suit for the money that it is possible to buy. Fit and satisfaction absolutely guaranteed or your money back without a question. Compare our suits at \$15 with some now offered at "sales."

CANDIDATES MINGLE WITH MESA VOTERS

At the Olney meeting to be held in Mesa tomorrow night, Tim Smith and other speakers will be present. Senator O. S. Stapley will make an address in reply to the speech of Governor Hunt on the occasion of his visit last week. The A. S. Hawkins speech has been postponed until Tuesday night because of conflict in dates.

Mesa is fairly seething with candidates these days. In addition to the local office seekers who have the men around town all full and miserable from overindulgence of soft drinks, there were present in Mesa yesterday, Senator A. A. Worsley, of Tucson, candidate for congress, C. H. Gandy who wouldn't mind being county attorney and Frank J. Duffy, of Nogales, who aspires to the office of judge of the supreme court of Arizona.

SPRAINED ANKLE

John Stroup, clerk at Governor's billiard parlors, is suffering from a sprained ankle received in a fall. He is off duty for the present.

OFF CAMPAIGNING

Dr. J. Bernard Nelson left yesterday on a campaign trip in the interior.

TO THE VOTERS OF MARICOPA COUNTY

As a candidate for the office of Sheriff of Maricopa County, I herewith present to the voters, my platform upon which I base my claims to the support of the democratic party in the primaries.

1—I believe that every law upon the statute books of Arizona whether good or bad, should be strictly enforced and it is my purpose, if elected, to enforce such laws so far as it lies within the power of the sheriff's office to accomplish that end.

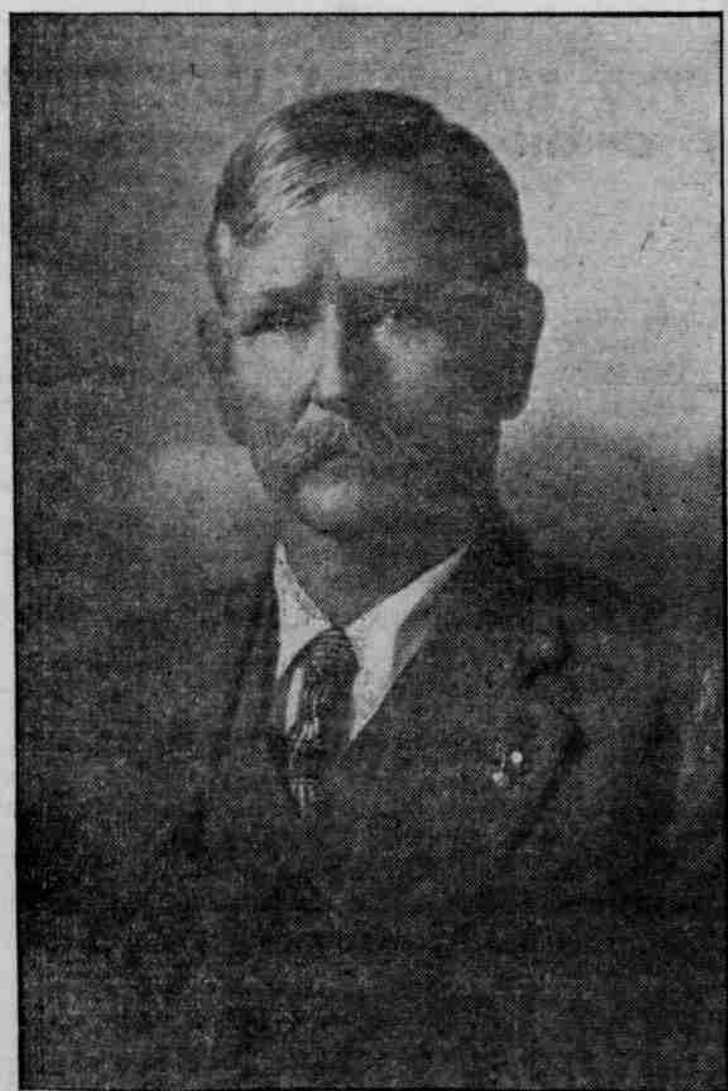

2—I believe in efficiency, economy and courtesy and if elected it is my purpose to appoint efficient and courteous deputies and materially reduce the number of deputies now employed, to restrict the use of county automobiles to official business and consequently reduce the expense of the office.

3—I believe the sheriff's office should co-operate with the police department of Phoenix and the constables in the various precincts and if elected pledge myself to heartily co-operate with them at any and all times.

4—If elected, I will faithfully perform all and every duty imposed upon me regardless of whom it may affect and will yield to the dictates of no man or body of men to the contrary.

(Signed)

W. H. WILKY.

JOHN G. KEATING

Fully qualified by many years of business life in Pinal county. Has made announcement that he is CANDIDATE for the office of COUNTY TREASURER of PINAL COUNTY, subject to the will of the Democratic electors at the Primary Election to be held Sept. 12, 1916.

CHARGE PROCURING WITNESS' ABSENCE

Dr. Lorenzo D. Boido and Dr. Rosa Boido were arraigned in Justice Parker's court yesterday on the charge of procuring the absence of a witness from the state. Stella Langford a young woman who had been summoned by the juvenile court in a case against Lorenzo Boido, Jr., involving their relations. The preliminary examination was set for September 3. Messrs. Bullard and Jacobs have been retained by the defense.

Ever since the return of Miss Langford from Oregon a couple of weeks ago accompanied by Attorney Layne, who had found her in Portland after a search of six weeks, the state has been engaged in the collection of evidence to support the story the girl told of the manner in which she left the Crittenton Home, where she had been placed in detention as a witness. Just what has been discovered has not been disclosed. The story told by the girl was that she escaped from the home and was taken to the residence of Dr. Boido where she remained for three days. After that she fled to California and was given a ticket to California and \$100. She said that on her arrival at Portland she was met by Mrs. Bates, a daughter of Dr. Boido and wife of Professor Bates, formerly of the University of Arizona.

This statement is said to have first been made by the girl when she was seized with a serious illness at San Jose, California on her way to Phoenix and was repeated by her behind closed doors in juvenile court.

Both have attended the Tempe High School. Mr. Griffin graduated from here last June. Over-shadowing the possibilities of an intended marriage was the fact that she had secured a school in this vicinity and was engaged to teach next term.

Mr. Griffin since leaving the normal has taken a pharmacist's course at Omaha, Nebraska, and is now a practicing pharmacist at Ray. The young couple will make their home in that town.

Maxwell cars have greater, actual, delivered horsepower, per pound of weight, than any car built.

POWER must be reckoned in reference to the weight involved. This is the big underlying truth that is often overlooked in careless statements about horsepower.

We repeat that Maxwell cars have greater horsepower, per pound of weight, than any car built.

This has been proved within the last six months by four competitive tests made in the two leading scientific schools of the United States.

The point for you to remember is this:

Maxwell cars will take you anywhere that any car will take you and they'll take you as fast as you'll dare to travel.

We are ready to prove any and all of our statements.
